2015-16 Penn State Reads
pennstatereads.psu.edu
Penn State Reads is an initiative sponsored by Undergraduate Education, Student Affairs, the Office of Student Orientation and Transition Programs, and the University Libraries. It is designed to provide a shared experience among new first-year students, encourage intellectual engagement within and beyond the classroom, stimulate critical thinking, and foster a deeper connection to Penn State’s mission and core values. First-year students will receive a copy of the book at New Student Orientation, and they should read it prior to participating in Welcome Week activities.

The Boom: How Fracking Ignited the American Energy Revolution and Changed the World
By Russell Gold
The Boom addresses fracking, an issue that is relevant to the Commonwealth of Pennsylvania. The book is a balanced account of the history and personalities that made fracking the force that it is today. The discussion of fracking leads to a consideration of the broader implications of the country's energy and environmental policies. Russell Gold is a senior investigative journalist for The Wall Street Journal. He won the Gerald Loeb Award for Distinguished Business and Financial Journalism and was a finalist for the 2011 Pulitzer Prize for his reporting on the Deepwater Horizon Spill in the Gulf of Mexico. Gold will be visiting University Park in October.

Welcome to the State College Area

Message from the Mayor

For some of you, State College feels like a small town and for others it seems quite large. But, most who call this place home think State College is the perfect size. On and off campus, State College and surrounding areas offer a wide range of restaurants, live music, theatrical performances, sporting events, as well as shopping in our thriving downtown business district and throughout the Centre Region. State College is nestled in the Nittany Valley, offering an abundance of natural resources, which provide ample opportunities to bike, hike, fish, swim, and explore the great outdoors.

State College takes pride in being recognized as a safe and welcoming place. Students comprise a large percentage of the community, and Penn State graduates frequently stay and build their lives here – we hope you will consider doing the same. The knowledge and experiences students gain through their studies at Penn State contribute to keeping State College a vibrant and innovative community. State College Borough and its citizens benefit from student involvement in local non-profits and Penn State organizations, helping our community respond better to current needs and improve the quality of life in State College.

You are now a citizen of State College and I encourage you to get involved, know your neighbors, and, most importantly, to feel at home. This is a perfect place to try on new ideas and new roles that build upon the connections that bring us together.

As your Mayor, I welcome your questions and comments. Each week during the academic year, I hold on-campus office hours at the HUB-Robeson Center to make it easy for students to contact me, present ideas, suggest changes, and find ways to work together. I hope we have a chance to meet while you call State College home.

Academic Integrity
Academic integrity is a basic guiding principle for all academic activity at Penn State, and all members of the University community are expected to act in accordance with this principle. Academic dishonesty includes, but is not limited to, cheating, plagiarism, fabrication of information or citations, facilitation of acts of academic dishonesty by others, unauthorized possession of examinations, submitting work of another person or work previously used without informing the instructor, and tampering with the academic work of other students.

The University takes violations of academic integrity seriously. When an act of academic dishonesty is believed to have occurred, the process begins with a conversation between the faculty member and the accused student and follows the procedures outlined by the Faculty Senate.

Study, study, study! No exam is based solely on what is taught in class and often there is so much information to be covered.

Housing Beyond the First Year
eLiving.psu.edu
On-campus housing is not guaranteed after your first year on campus. Students interested in living on campus must participate in the eLiving Housing Contract process by submitting a request for a Housing Contract during the established timeline. Sometimes, the demand for on-campus housing exceeds the amount of space available. In that case, not every student who submits a request will receive an offer and will automatically be added to the Waitlist. Information sessions are conducted during the fall semester to help students navigate the process.

Visit the Off-Campus Living office for information regarding lease agreements, tips for apartment searching, security checklists, communicating with landlords, and other important resources for being an informed renter. Many students begin looking for off-campus housing as early as October. Visit the Off-Campus Living website for a listing of local rental properties as well as a list of students seeking roommates/suitmates.

Off-Campus Housing Fairs
For the opportunity to ask questions about off-campus living, talk to realtors, and schedule apartment tours, attend an Off-Campus Living Housing Fair hosted during the fall and spring semester.

Living Off Campus: Useful Tips

Know Your Lease
A lease is a legally binding contract. Don't sign until you are certain you want the apartment. Keep in mind that, after you sign, it doesn't matter if you drop out of school, run into financial trouble, get into a fight with your roommate, or find an apartment you like better – you're still obligated for the whole term of the contract. Oral leases are legal in Pennsylvania. For your protection, avoid oral leases, it is difficult to know exactly what rights and obligations you have if they aren't written down.

Think Ahead to Get Your Security Deposit Back
There are key steps you can take to help get your security deposit back when you move out. (1) Make an accurate damages list, and take photos of each room, with close ups of any damage when you move in and again when you move out; (2) Treat your apartment gently while you live there; (3) Request repairs promptly, and in writing, if something breaks or is damaged while you live there; and (4) Provide the landlord with your forwarding address, in writing, when you turn in your keys.

Consider Renter’s Insurance
Renter’s insurance is inexpensive – basic policies can be found for less than $100 per year. Look for a policy that will cover damage to personal property as well as individual liability for accidents that happen on the premises. Before you buy, check to see what you already have. You may be covered under your parents’ homeowner’s policy.

Move-In Details
Your lease probably has a date and time when you can move in. If not, contact your landlord to be sure you know when your apartment will be available to you. When you arrive, unload your belongings quickly and move your car or trailer away from the building entrance. The people moving in after you will need the unloading space. In addition to on-street parking, State College Borough (814-278-4769) paid parking garages or lots are available on South Fraser Street, South Pugh Street, West Beaver Avenue, McAllister Street, South Allen Street, and West Beaver Avenue.

The Code of Conduct
The Code of Conduct outlines seventeen behaviors that students need to avoid as they are inconsistent with the essential values of Penn State. The Office of Student Conduct is responsible for interpreting and enforcing the Student Code of Conduct, ultimately determining whether or not a student has violated that code. The goal is to support the University's educational mission by promoting a safe, orderly, and positive University climate through enforcing behavioral standards, managing disciplinary proceedings, mentoring students, developing leadership skills, and fostering peer education.

The Code of Conduct fosters a University culture that is self-disciplined, where civility is embraced, and the norms and foundational beliefs validate the essential values of Penn State, which are:

- Personal and academic integrity
- Respect for the dignity of all persons and a willingness to learn from the differences in people, ideas, and opinions
- Respect for the rights, property, and safety of others
- Concern for others and their feelings and their need for conditions that support an environment where they can work, grow, and succeed at Penn State

In addition to the Code of Conduct and the University’s discipline process, students are also held accountable to local, state, and federal laws through traditional criminal procedures. Any off-campus student behavior that violates the Code of Conduct is subject to disciplinary action following standard University procedures.

Off-Campus Misconduct Policy
studentaffairs.psu.edu/conduct/policies/offcampus.shtml
Penn State expects students to conduct themselves in accordance with the law. Student behavior off the premises of the campus that may have violated any local, state, or federal law, or yields a complaint from others alleging law violations or student misconduct, will be reviewed by the University.

Penn State University Alcohol Policy
studentaffairs.psu.edu/conduct/policies/alcohol.shtml
Illegal alcohol use or abuse on or off the premises of the University negatively affects the University community and places students at personal and academic risk. University rules and procedures regarding student alcohol violations are specifically established to provide: therapeutic or medical support interventions for students, community expectations for student conduct behaviors, and an orderly and safe environment for community members.

All students found responsible for behavior on or off campus involving Prohibited Underage Possession or Use of Alcoholic Beverages, Excessive Consumption of Alcohol, or Driving Under the Influence will be required to complete a University alcohol education/intervention program. The Brief Alcohol Screening and Intervention for College Students (BASICS) program is administered by University Health Services and constitutes the mandatory sanction for first-time alcohol violations.

Alcohol & Illegal Substances Policy
hfs.psu.edu/housing/housing-contracts/terms-and-conditions

Students who violate this policy will be referred to the Office of Residence Life, the Office of Student Conduct, and/or University Police. In addition to following State and local laws, it is important to remember:

- The possession or use of alcoholic beverages is prohibited in all Penn State on-campus undergraduate residence hall buildings including Nittany Apartments and Eastview Terrace for students of any age.
- It is a violation of state law and University policy for a student under 21 years of age to attempt to purchase, consume, possess, or transport alcoholic beverages. It is unlawful to sell, furnish, or give to any minor, or permit that alcoholic beverages be sold, furnished, or given to any minor.
- It is against residence hall policy for there to be any tailgating activities in the residential quad areas or residence hall parking lots where alcoholic beverages are being served on any football game/event weekend including all home football games, Football Eve, 4th Fest, and the spring Blue and White Weekend. Students tailgating with alcoholic beverages in these defined areas will be confronted and will likely be charged with “open containers in an unauthorized area.”
- Residents will be held responsible for activities that occur in their rooms and will be referred to the Office of Residence Life, the Office of Student Conduct, and/or University Police if guests are violating the on-campus alcohol policies listed above.
- Failure to comply with the direction given by or the request to present identification to a University official acting in the performance of their duties is a violation of the Student Code of Conduct and will result in a referral to the Office of Residence Life or the Office of Student Conduct.
- It is against the Student Code of Conduct to supply false information, such as name and age to University officials who are performing their duties.

Illegal Substances

- It is a violation of state and University policy to illegally possess, use, distribute, manufacture, sell, or be under the influence of other drugs. Students who violate this policy will be referred to the office of Residence Life, the Office of Student Conduct, and/or University Police.
- It is against residence hall policy for a student to be in a residential area (room, common area, common building, building entryway, or quad area immediately adjacent to the residence halls) and in the presence of an illegal substance. Students who are in the presence of an illegal substance in these areas will be referred to the Office of Residence Life, the Office of Student Conduct, and/or University Police.

- Clear vomit from the mouth
- Keep the person awake
- NEVER leave the person unattended

Plan ahead:
- Eat a full meal before going out
- Determine your limit in advance

Information provided by University Health Services, Health Promotion and Wellness. promotinghealth@psu.edu

Take the lead
Pennsylvania law provides immunity for an underage person who seeks help for a friend who has alcohol poisoning. When a person under 21 years old calls 911 to get help for a peer who needs immediate medical attention due to excessive alcohol consumption, the caller will not be charged with underage consumption or possession.

Penn State’s responsible action protocol:
Students who contact the appropriate authorities (e.g., call 911, alert a Resident Assistant, contact the police) to help a peer suffering from alcohol poisoning or related problems will not face University judicial action for their own alcohol violations, unless they are responsible for other violations, such as vandalism or assault. These students will be required to complete an alcohol education program, but the fee will be waived.

Getting Around

On & Around Campus

Walking
University Park campus is a large place, and you'll probably have classes spread across campus. Even with the fifteen-minute period between classes, you may find yourself rushing to get from one end of campus to the other. See the campus map inserted in Preface to locate classroom buildings and other locations on campus.

Pedestrian Safety
- Cross only at crosswalks and never between parked or stopped vehicles, such as buses.
- Wait for a gap in traffic, then step off the curb or fully enter the crosswalk and make eye contact with approaching drivers. Never step off the curb into the path of a traveling vehicle.
- Look all directions before entering the crosswalk.
- Watch for turning vehicles at intersections, even if pedestrians have the right-of-way.
- On streets with multiple lanes in each direction, be aware of what drivers in both near lanes are doing.

Safe Walk
814-865-WALK (9255)
The Safe Walk Program is designed to provide walking accompaniment for Penn State students, employees, and visitors who may feel unsafe walking alone on campus at night.

Local Buses
catabus.com
The Centre Area Transportation Authority (CATA) provides a number of bus services for those traveling to and through the University Park Campus. Frequent fare-free Downtown/Campus service is provided by the BLUE LOOP and WHITE LOOP and cross-campus service (via Curtain Road) is provided by the RED LINK and GREEN LINK. Service is provided on these routes to practically all points on campus and nearby Downtown State College.

Service to and from the surrounding area is provided by CATA's 23 additional CATABUS routes. These routes connect the campus with outlying communities like Boalsburg, Bellefonte, Pleasant Gap, and with major shopping centers and businesses. Please see the current Ride Guide for route, schedule, and fare information.

Real-time bus information can be found at realtime.catabus.com. iPhone and Android apps are also available (search CATA on your smart phone device).

Bicycles
transportation.psu.edu
Bicycles are a great way to travel throughout campus, but security is important to guard against theft. You should always secure your bike at a designated bike rack or storage area. Local law also requires all bikes to be registered to assist local authorities when bicycles are abandoned or when lost or stolen bikes are recovered. Penn State Transportation Services provides free online registration and permit mailing. Registration may also be completed at several local bicycle shops and at the State College Borough Police Department.

Skateboards, Scooters, Skates & Similar Coasting Devices
The use of skateboards on campus is prohibited. Roller skates, in-line skates, scooters, sleds, and similar coasting devices are not vehicles and are prohibited on roadways. Persons on such devices are considered pedestrians for traffic control purposes and may be cited for applicable violations of the Pennsylvania Vehicle Code. Roller skates, in-line skates or scooters may be used on sidewalks, provided that users yield the right-of-way to pedestrians on foot.

Cars or Motorcycles
transportation.psu.edu
Parking is very limited on campus and in the State College area, and students are encouraged to use other forms of transportation whenever possible. Only students who have completed at least 28 approved credits are eligible for resident or long-term storage parking on campus. Commuter parking is also available for all off-campus students who possess overnight parking at their residence, but wish to park on campus for class and other activities. Any eligible students interested in campus parking must register for a student parking permit with the University Parking Office.
Getting Out of Town

**Buses**

State College offers a variety of travel options available to students wishing to take a weekend trip outside of State College or return to home. Companies like Greyhound, Fullington Trailways, and Megabus provide service from State College to cities including Philadelphia, Pittsburgh, New York City, Baltimore, and Washington DC. Greyhound and Fullington Trailways pick-up and drop-off at the bus station located close to campus on Atherton Street, across from the Walker Building. Megabus has a stop in the parking lot of the Walmart Shopping Center on North Atherton Street, approximately 2.5 miles from campus. Seats fill fast during peak travel times; such as Fridays, holidays, and semester breaks, so reservations are recommended. Rates vary, so compare.

The University Park Airport (SCE) is located approximately six miles north of campus. Commercial air service to and from the State College area is provided by US Airways Express (800-428-4322) with daily non-stop service to Philadelphia International Airport; United Express (800-241-6522) with daily non-stop service to the Dulles International Airport at Washington, DC and Chicago O’Hare International Airport; Delta (800-225-2525) provides seasonal non-stop service to Hartsfield-Jackson Intl Airport in Atlanta and flies daily non-stop service to Detroit Metro Airport. Connecting flights are available from these four major hubs.

**Trains**

Train travel isn't very convenient from State College. The nearest stations are at least 30 minutes away in Lewistown, Tyrone, Huntingdon, and Altoona. Transportation to and from these stations is not offered by CATA or the University.

When I first arrived on campus, I was most worried about classes. I didn’t know what to expect and I had heard how different it was from high school. On your first day, everyone is nervous (even if they aren’t a freshman) so take comfort in that fact. Also note that it’s not a big deal if you don’t like one of your classes. Penn State has so many resources to help you decide which classes and programs are right for you.
